** $ text that has been typed by Muktabodha or by Mark Dyczkowski.

These are about 62 entries out of approximately 160. Approximately 40 entries are manuscripts of the same 15 texts. Thus there are about 75 texts. These vary considerably in length from a few sheets to a hundred or more.

I will have these texts typed and put up on my website from where they can be accessed by any interested party and downloaded free of cost.
